KTM

BECOME THE BEGINNER WINNER

As the owner of a training school or as a motorcycle instructor, the KTM training school packages offer you a range of attractive conditions for our new EURO 5-compatible KTM training, riding test, and support vehicles.

Our DUKE models (particularly the KTM 125 DUKE and KTM 390 DUKE) are extremely popular around the world with beginners as well as those getting back on their bikes. In typical KTM style, the equipment and design are outstanding, even in the smaller displacement class; these vehicles combine safety and riding enjoyment in every lesson thanks to a TFT display, a range of riding modes to choose from, ABS as standard and even more safety features.

The new KTM 890 DUKE replaces the now much tried-and-tested KTM 790 DUKE. Thanks to a number of additional safety features, this twin-cylinder model – also available as an A2 variant – presents a versatile companion for your more advanced driving license categories.

You can find our comprehensive network of KTM dealers at [KTM.COM](https://www.ktm.com). A local service and sales partner will be happy to advise you about our vehicles as well as potential financing and leasing options.

We wish you a safe and successful season in 2021 for you and your learner riders!

Your KTM Team

TRAINING BIKES

KTM 125 DUKE

There's a reason why the KTM 125 DUKE is one of the world's most popular beginner motorbikes. Complete with a TFT display and LED headlights as standard, the 4-stroke single-cylinder bike combines class-leading performance with low fuel consumption to keep your learners riding longer.

KTM 125 DUKE 2021

| | |
|---|-----------------------|
| A1-approved, A1 training vehicle, A1 test vehicle | |
| Gross LIST PRICE* | CZK 138.900,00 |
| Minus driving school discount | - CZK 26.528,00 |
| SPECIAL PRICE FOR DRIVING SCHOOLS | CZK 112.372,00 |

KTM 390 DUKE

This motorcycle is light as a feather and packed with state-of-the-art technology. The KTM 390 DUKE engine delivers arm-wrenching torque, but especially good manners in everyday use – with 44 horsepower it is one of the most powerful and efficient options for A2 riders.

KTM 390 DUKE 2021

| | |
|---|-----------------------|
| A2-approved, A2 training vehicle, A2 test vehicle | |
| Gross LIST PRICE* | CZK 165.900,00 |
| Minus driving school discount | - CZK 23.946,00 |
| SPECIAL PRICE FOR DRIVING SCHOOLS | CZK 141.954,00 |

KTM 890 DUKE

The 889 cc parallel-twin engine of the new KTM 890 DUKE provides additional power and torque over the popular KTM 790 DUKE and is also available as an A2 (KTM 890 DUKE L) variant. Riding modes as well as optional software enhancements ensure your learner riders benefit from all the KTM unique and class leading safety features.

KTM 890 DUKE 2021

|--|-----------------------|
| A2 version available, A2 training vehicle, A, A2 test vehicle (power limited to 35 kW) | |
| Gross LIST PRICE* | CZK 292.900,00 |
| Minus driving school discount | - CZK 42.996,00 |
| SPECIAL PRICE FOR DRIVING SCHOOLS | CZK 249.904,00 |

S

IS FOR SAFETY

Different ride modes are tailored for easy adjustment of the rider assistance functions to suit a range of riding situations: Sport for a sharper throttle response, Street for comfortable urban riding, Rain for when things get a little slippery, and an optional track mode to dial in riding characteristics you want.

The **ELECTRONIC ASSISTANCE FUNCTIONS** provide improved performance, control, riding enjoyment and safety:

- **ABS** – as standard on all KTM motorcycle models
- **QUICKSHIFTER+** – clutchless gear-shifting system
- **TRACK MODE** – variable spin adjuster and a more sensitive throttle response, deactivates anti-wheelie mode
- **MTC** – lean angle-dependent traction control system. **MSR** – prevents unintentional locking of the rear wheel
- **MSC WITH CORNERING ABS** – the system adjusts the brake pressure to the lean angle of the motorcycle, for safer and more predictable braking across a wider range of conditions

FOR MORE INFORMATION ABOUT THE VARIOUS OPTIONS, PLEASE CONTACT AN AUTHORISED KTM DEALER OR VISIT [KTM.COM](https://www.ktm.com)

SUPPORT VEHICLES

Only with these motorcycles is it possible to provide the optimal demonstration of basic riding tasks, perfect line, and observational control. Both learner riders and instructors enjoy motorcycle training considerably more when they're riding high-quality motorcycles that they can feel passionate about. KTM offers special packages for support vehicles to make this possible.

KTM 1290 SUPER DUKE R

Having shed its skin, the KTM 1290 SUPER DUKE R is now an even leaner hyper-naked bike than ever before. Inside an all-new chassis beats an updated version of the renowned 75 degree, 1301 cc, V-Twin heart from the LC8 series, taking performance to the next level.

|--|-----------------------|
| Gross LIST PRICE* | CZK 489.900,00 |
| Minus driving school discount | - CZK 72.546,00 |
| SPECIAL PRICE FOR DRIVING SCHOOLS | CZK 417.354,00 |

KTM 1290 SUPER ADVENTURE S

The KTM 1290 SUPER ADVENTURE S sets the bar very high for travel enduros. With 118 kW (160 PS), semi-active suspension, and Motorcycle Stability Control (MSC), it has everything it could need to rival sports motorcycles. And all this comes with its familiar functionality – right down to the smallest detail.

| Gross LIST PRICE* | CZK 479.900,00 |
| Minus driving school discount | - CZK 71.046,00 |
| SPECIAL PRICE FOR DRIVING SCHOOLS | CZK 408.854,00 |

KTM POWERPARTS

Every KTM is always equipped with high-quality components.

The **KTM POWERPARTS** accessories program is expanded every year. And, of course, there are accessories that are especially suited to training school motorcycles and offer protection for people and machines, such as low chassis kits, aluminum handguards, plastic-coated crash bars, slide pads, and much more.

You can find the latest KTM PowerParts at KTM.COM/POWERPARTS or at an authorized KTM dealer.

KTM MOBILITY SERVICE

MOBILITY SERVICE*

The KTM Mobility Service keeps you safe at every turn with 12 months protection free of charge. It can be renewed, without any cost, every 12 months lifetime** with each service at an authorized KTM dealer. Thanks to a vast and professional assistance network, breakdowns are worry-free as the KTM Assistance Center is available 24 hours a day, 7 days a week, 365 days a year, all over Europe. Always keeping you **READY TO RACE**. See more details on WWW.KTM.COM/MOBILITYSERVICE.

KTM POWERWEAR

Extraordinary motorcycles deserve extraordinary outfits.

The **KTM POWERWEAR** collections include around 400 super cool items. Most of these products are produced exclusively for KTM by world-class manufacturers. Brands like Alpinestars, Leatt, Ogio, Schuberth, Shoei, and Troy Lee Design guarantee top quality with impressive functionality.

You can find the latest information at KTM.COM/POWERWEAR or at an authorized KTM dealer.

* Retail price including transport costs of CZK 6.261,- and taxes.

* KTM Mobility Service might not be available for all markets. Please ask your local authorized KTM dealer about the offers and conditions in your country.

** The definition of LIFETIME for single cylinder vehicles: max. 60,000 km or 8 years, whichever comes first; for twin cylinder vehicles: max. 80,000 km or 8 years, whichever comes first.
